

Don't let the TPP rob your future.

The stringent Trans-Pacific Partnership (TPP) free trade agreement would destroy jobs, lower living standards, increase economic inequality and hand the future to multinational corporations. It is exactly the wrong solution for America and the world.

Join millions of Japanese citizens who dispute the TPP, including a majority of the Diet, 80% of local legislatures and 11.67 million citizens who signed a petition opposing it.

Say NO to the TPP.
